DRINK THE FINEST PURIFIED WATER STRAIGHT FROM YOUR TAP

Not only does it taste great, it's convenient and far cheaper than water bought from the supermarket.

WHY PURIFY?

- ◆ Your water will be free of chemicals and impurities
- ◆ It's convenient, just turn on your tap
- ◆ It's cheaper and healthier than bottled water
- ◆ It's good for the environment
- ◆ Your water will taste wonderful
- ◆ It's the right choice for you and your family

ENJOY QUALITY, PURIFIED WATER IN YOUR HOME & YOUR BUSINESS

GSB3C

- Free-standing
- Desk-top
- Cold and ambient water
- For home and office use
- Suitable for up to 8 people
- TET Technology

- Steaming hot and ice cold water on tap.
- With a selection of stylish counter-top taps.

- Easy installed and screwed onto your existing shower arm.
- Replaceable cartridge.
- Maintenance free

With patented TET Technology the unit cools to below 10°C even when ambient temperatures are at 32°C. It also eliminates the noise commonly associated with compressor motors. Without a compressor, it also uses 50% less electricity and is environmentally friendly.

UNDER-SINK WATER PURIFIERS
