

Food Waste Disposers

3N1
 Three simple water functions from one premium product. The InSinkErator® 3N1 All-in-One Tap combines a contemporary mixer tap with a steaming hot water tap to provide unfiltered cold and hot water, or filtered 98°C near-boiling water on the spot. It's the modern, elegant sink appliance that unites style with function.

Steaming hot water taps...

” Fitted easily and discreetly under the sink, our disposers effortlessly grind food waste into tiny particles that are easily flushed away down the standard kitchen drain.”

Our heavy-duty continuous feed food waste disposers are able to handle large quantities of waste. It's the most convenient way to dispose of food waste in the kitchen. Not only are these products super convenient, but they are hygienic too. Nearly 20 per cent of residential waste is classified as food waste, so why not eliminate it from our landfills completely and contribute to making the world a greener place? Streamline your kitchen with these nifty and eco-friendly appliances.

Welcome to the cool, calm, environmentally-responsible world of **InSinkErator®**. The world's leading name in sink appliances has assembled a range of brilliantly designed, aesthetically appealing products that are totally in tune with the way we live our lives today. Every model is compact enough to fit neatly under the sink without taking up valuable storage space. **InSinkErator®** is unmatched on reliable motor technology, the quietness of the operation ideal for modern open-plan living, or the finer grinding. The **Quick Lock®** mounting assembly across the range makes for fast and easy DIY or professional installation. The waste disposer models can be easily fitted to most sinks with 90mm waste outlets.

Food waste disposers: Cleaner, more convenient and environmentally responsible.

The must-have sink appliance for the modern kitchen. At the touch of a button, food waste is dealt with hygienically and instantly - rather than leaving it in a bin to encourage smells, bacteria and pests. And **InSinkErator®** food waste disposers don't just offer practical, contemporary convenience; they provide an environmentally sound answer to the growing problem of food waste.

Model 56
